Blod Providers, is a Canadian Federal Corporation based in Winnipeg, Manitoba, providing next-gen IT solutions including Voice and Messaging services. For our business customers, we perform validation of business contact information, ownership, and location to ensure they are utilizing our services only for genuine business reasons and not performing operations that may be construed suspicious, illegal, or unauthorized. Additionally, every customer has a billing profile with us where additional information is collected to notify them of any unauthorized use. In most cases, the solutions are deployed and managed by Bold Providers, so we will check that client use cases for voice and messaging traffic is meant for defined purpose or regular business use. Additional measures will be in place through billing reviews and periodic reviews of usage minutes/text messages. We are committed to ensuring privacy of residents of USA and Canada, and ensuring illegal spoofing is not permitted using our services. Our business model is B2B only and services are subject to termination in case of any misuse.

Should you have any questions, please feel free to reach out to me.
