Purpose of Certification

This document serves as the Robocall Mitigation Certification for Quad State Internet LLC, in compliance with the Federal Communications Commission's (FCC) Robocall Mitigation Database requirements.

Affirmation of Compliance

Quad State Internet LLC affirms that it has implemented effective robocall mitigation measures to prevent illegal robocall traffic from originating on its network.
The company complies with the FCC's requirements to ensure that all traffic is monitored and that measures are in place to reduce illegal robocall traffic.

Robocall Mitigation Practices

Quad State Internet LLC has implemented the following mitigation practices:

1. Deployment of advanced call authentication technologies, including STIR/SHAKEN.
2. Monitoring and filtering of outbound and inbound call traffic.
3. Collaboration with industry and regulatory bodies to identify and block illegal robocall sources.
4. Regular updates and audits of mitigation practices to ensure continued compliance.

Certification Statement

I, Preston Louis Ursini, Chief Executive Officer of Quad State Internet LLC, hereby certify that the company is in compliance with FCC robocall mitigation requirements.
This certification is true and accurate to the best of my knowledge, information, and belief.

/s/ Preston Louis Ursini
