

Robocall Mitigation Program Description

Registrant Name: Heartland Field Services, LLC

Contact Person: Jake Lowen, Director of Data and Systems Integration Lead

Email: jake@gpsimpact.com

Phone: 785-393-8495

1. STIR/SHAKEN Implementation

We have **fully implemented** the STIR/SHAKEN authentication framework across our entire network, ensuring all originated calls comply with 47 CFR § 64.6301(a)(1) and (2).

2. Steps to Avoid Originating Illegal Robocall Traffic

Heartland Field Services, LLC does not originate any outbound calls of any kind. This registration is being completed at the request of our service provider to enable the use of an **inbound voice API only**. Since no outbound calls are initiated or planned, there is no risk of originating illegal robocall traffic.

3. Commitment to Traceback Compliance

Heartland Field Services, LLC is fully committed to:

- Responding to **traceback requests** from the FCC, law enforcement, and the industry traceback consortium within **24 hours**.
- Cooperating with these entities in any investigation to identify and stop illegal robocallers, should such a situation arise.

Any requests should be directed to:

Jake Lowen

Email: jake@gpsimpact.com

Phone: 785-393-8495

4. Compliance History

There have been **no formal investigations** or enforcement actions in the last two years involving Heartland Field Services, LLC, nor any entities with shared ownership, management, or control.

5. Additional Information

Given Heartland Field Services, LLC's commitment to originate **no outbound calls**, we operate under zero risk of originating illegal robocall traffic.

This document represents our comprehensive robocall mitigation program description in compliance with 47 CFR § 64.6305(d).

Signed:

Jake Lowen

Director of Data and Systems Integration Lead
