

Deployed Technologies certifies that all calls that carries or processes on network are subject to a robocall mitigation program, and any prior certification has not been removed by Commission action, and is not prohibited from filing in the Robocall Mitigation Database.

DID numbers provided through Voxbeam coordinate internally with extension on our PBX system, with control of network to implement STIR/SHAKEN.

External firewalls and internal PBX firewalls block potentially unwanted or illegal traffic in the PBX system and Deployed Technologies has obligation to know the upstream DID provider Voxbeam, and will report any abnormalities

Deployed Technologies commits to respond fully and within 24 hours to traceback requests from the Commission, law enforcement, and the industry traceback consortium, and will cooperate with these entities in investigating and stopping any illegal robocallers

Deployed Technologies has not at any time been the subject of a formal Commission, law enforcement, or regulatory agency action or investigation with findings of actual or suspected wrongdoing due to the filing entity transmitting, encouraging, assisting, or facilitating robocalls or spoofing
