CALL2LINE, INC

ROBOCALL MITIGATION PLAN

3/19/2024

Call2Line, Inc is a VoIP service provider. The company and its customers are subject to the following rules regarding phone calls originating on the trunks and DID's that are used on any system or device.

Traceback

The Company responds to all traceback requests from the Commission, law enforcement, and the registered traceback consortium and cooperate with such entities in investigating and stopping any illegal robocallers that use our service to originate calls.

Robocall Mitigation Program

The Company uses software & services provided by White Label Communications to monitor our outbound voice traffic in real-time to prevent the origination of illegal robocalls. Combining behavioral analytics, caller authentication and verification, our solution features:

- No Outbound calls can show an outbound caller ID that differs from a phone number owned by the Customer.
- No excessive Dialing or short Dialing (less than 6 second) is allowed.
- No outbound Auto Dialers can be used without express permission of Interactive and coordination and programming by the Company's underlying provider.
- Any traceback requests from the FCC, law enforcement, or the industry traceback consortium will have full cooperation of the Company to stop or investigate illegal robocallers.

- **Call Blocking Support:** Accurate identification enabling subscribers to block fraudulent phone calls as per the TRACED Act (2019)
- **Business Number Verification:** Register legitimate business numbers to prevent unintentional call blocking.
- **Caller ID Name Service:** Easy integration of Caller ID name lookup service, including robocall mitigation with an override to include original caller ID even when a call is determined fraudulent

In addition, Call2Line, Inc has implemented a Call Abuse Policy and publishes the following policy to its website, terms of use, and have notified our customers of the policy as copied below:

“Any call originated on the Call2Line, Inc network is subject to inspection and investigation if the call is suspected of being fraudulent, abusive, or illegal. Calls meeting any of these criteria will be blocked. If these conditions are repeated, becoming excessive, the subscriber may be disconnected from the Call2Line, Inc network, may be subject to further investigation by the FCC for enforcement of the TRACED Act and the subscriber may be subject to fines and penalties imposed by the FCC or the jurisdictional court.”
