

Robocall Mitigation Database Filing Statement

Date: August 22, 2025

Entity Name: Alamo Broadband Inc
FRN: 0020896718

Statement of STIR/SHAKEN Implementation:

Alamo Broadband Inc. has fully implemented STIR/SHAKEN across its VoIP network.

We are a registered Competitive Local Exchange Carrier (CLEC) in the State of Texas, operating under SPCOA Certificate #60975.

We have obtained our Operating Company Number (OCN 587L) and successfully applied to iconectiv for an SPC token. We have also acquired a SHAKEN certificate from an approved Certificate Authority (Telonium Communications).

All outbound calls from Alamo Broadband are now signed with STIR/SHAKEN with **full attestation (A)** when appropriate, ensuring compliance with FCC regulations and contributing to the mitigation of illegal robocalls and caller ID spoofing.

Our Robocall Mitigation Database status is now updated to: **Full STIR/SHAKEN Implementation.**
