Robocall Mitigation Program Description

FCC FRN: 0036867190

Date: April 1, 2025

Our Anti-Robocall Measures:

1. Caller ID Authentication

- Full STIR/SHAKEN implementation through:
 - Triton Telephone
 - Twilio

2. Real-Time Protection

- 24/7 monitoring for:
 - High-volume spam patterns
 - Known robocall numbers
- Immediate flagging of suspicious calls

3. Advanced Call Blocking

- NomoRobo fraud prevention system:
 - Machine learning detection
 - Dynamic blocklists updated hourly
 - Pre-call screening

4. Compliance Commitment

- Monthly staff training
- Quarterly system audits
- Annual FCC recertification

Certification:

"Haleys Enterprises & Co certifies compliance with all FCC robocall mitigation requirements under 47 CFR § 64.630 5(b). We maintain active measures to prevent illegal robocalls across our services."
