

Robocall Mitigation Program Description

Provider Information

- Provider Name: CASF Technologies Inc.
- Contact Information:- Address: 132 Columbia Ct
Yorktown Heights, NY 10598
United States.
- Phone Number: 321-444-7954
- Email Address: mike@casfttech.com.
- FCC Registration Number (FRN): 0035781145.

Certification of STIR/SHAKEN Implementation

CASF Technologies Inc certifies the following:

- The STIR/SHAKEN caller ID authentication framework has not been implemented within the provider's network.
- Historically, reliance was placed on the upstream VoIP carrier to implement STIR/SHAKEN and ensure caller ID authentication for traffic originating from our network.

Robocall Mitigation Practices

CASF Technologies Inc actively enforces the following measures to prevent illegal robocalls:

- Traffic Monitoring: Regularly analyzing call patterns to detect and mitigate suspicious activity.
- Blocking Mechanisms: Blocking known illegal robocalls based on industry databases and analytics.
- DNC Registry Compliance:- All calling lists are thoroughly scrubbed against the Do Not Call (DNC) registry to ensure compliance with federal regulations.
- Scrubbing is conducted using automated tools that verify compliance before calls are made.
- Opt-In Verification:- Utilizing platforms like TrustCall and Jornya to ensure proper consent from consumers.

- Verifying that all consumers on call lists have explicitly opted in to receiving communications, as required by regulations.

- Collaborative Efforts: Partnering with upstream carriers and industry organizations to strengthen mitigation efforts and share data on illegal robocalls.

Compliance with FCC Requirements

CASF Technologies Inc complies with 47 CFR § 64.6305(d)(ii)-(iii) by:

- Implementing strict processes to ensure compliance with caller ID authentication and robocall mitigation rules.

- Monitoring and maintaining compliance with all FCC regulations, including DNC requirements and opt-in verification protocols.

Contact for Enforcement and Compliance

- Name: Michael Ramos.

- Position: Owner.

- Contact Information: 321-444-7954 mike@casfttech.com.

Additional Information

CASF Technologies Inc is committed to implementing additional measures to enhance compliance, such as leveraging advanced tools like TrustCall or Jornya for consent validation and continuously updating practices to meet evolving industry standards.
