

Smart Office USA robocall mitigation program

- Smart Office USA is a service provider for B2B focused doing business in the US
- Smart Office USA only does business with established registered entities
- Smart Office USA customers can only get access to Smart Office USA after signing a legal agreement that will include language to prevent users spamming prospects via phone calls
- Smart Office USA provides access for users to buy or transfer their phone lines to make sales related calls to their customers.
- Smart Office USA does not and will not provide outbound Auto Dialler or Robo Dialler Services
 - Smart Office USA restricts the calls per second to stop the service being used for Robo Dialling.
