

Robocall Mitigation Plan

North Bolivar Consolidated School District

FCC Registration Number (FRN): 0037136942

Submission Date: 06/11/2025

1. Statement of Non-STIR/SHAKEN Participation

North Bolivar Consolidated School District does not currently participate in the STIR/SHAKEN Caller ID authentication framework because we do not originate calls using U.S. numbering resources on IP-based networks where STIR/SHAKEN is technically feasible. Instead, we are submitting this Robocall Mitigation Plan in compliance with 47 CFR § 64.6305.

2. Description of Robocall Mitigation Practices

We actively implement a robocall mitigation program to prevent the origination and transmission of illegal robocalls across our network. The components of our mitigation efforts include:

- Traffic Monitoring and Analysis: We monitor outbound traffic patterns and detect anomalies.
- IP Authentication: Only trusted IPs can originate SIP traffic. No open access.
- Caller ID Verification: Caller IDs are validated and linked to authorized users.
- Know Your Customer (KYC): All users are verified before service is enabled.
- Abuse Handling: Offending users are immediately suspended or removed.

3. Traceback Cooperation

We cooperate fully with traceback investigations conducted by the USTelecom Industry Traceback Group and respond promptly to requests.

4. Mitigation Contact

Name: Amber Jones

Title: Director of Technology
