

Robocall Mitigation Program Description

Filed by: Intelligent Solutions LLC

Date: June 11, 2025

Business Address: 8757 NW 98th Ave, Doral FL 33178,
United States

I. Introduction

Intelligent Solutions LLC is a U.S.-based technology company that offers voice services as a reseller using upstream VoIP providers. We do not operate or manage our own switching or routing infrastructure, and all outbound voice traffic is handled and signed using the STIR/SHAKEN protocol by our upstream provider (e.g., VoIP.ms), who fully complies with FCC rules regarding STIR/SHAKEN implementation.

II. STIR/SHAKEN Compliance Exemption

As per the FCC's Eighth Report and Order and **47 CFR § 64.6305(d)(2)(ii)**, Intelligent Solutions LLC qualifies for an exemption from the obligation to implement STIR/SHAKEN because we do not have control over the network infrastructure necessary to perform such implementation. We rely entirely on our upstream provider (VoIP.ms) for call origination and signing of calls in compliance with the FCC guidelines.

III. Robocall Mitigation Program

Despite being exempt from implementing STIR/SHAKEN directly, Intelligent Solutions LLC is committed to mitigating unlawful robocalls through the following measures:

- We only partner with certified upstream providers who comply with all FCC and international robocall mitigation regulations, including STIR/SHAKEN.
- We verify and authenticate all customers before activating voice services and monitor account behavior to detect and prevent robocall abuse.
- We do not permit anonymous or unauthenticated usage of our VoIP lines and reserve the right to suspend any account suspected of suspicious or unlawful traffic.

- We provide clear terms of service and acceptable use policies to our customers, which explicitly prohibit illegal robocalls or spoofed caller IDs.
 - We respond immediately to traceback requests from the Industry Traceback Group (ITG) or any authorized enforcement agency.
-

IV. Declaration

I certify under penalty of perjury that the foregoing is true and correct to the best of my knowledge and belief.

Executed on June 11, 2025.
