

Robocall Mitigation Database Filing Statement

Company Introduction

AXIBIT LLC is a global telecommunications solutions provider specializing in high-quality VoIP services, CC, CLI routes, and enterprise-grade communication solutions. With a strong focus on reliability, transparency, and compliance, AXIBIT continuously works to deliver seamless connectivity and trusted communication channels to its partners and clients worldwide.

Robocall Mitigation Statement

At present, **AXIBIT LLC** has not yet fully implemented the STIR/SHAKEN framework in its network. However, we are actively working towards enabling STIR/SHAKEN in the near future to further strengthen our call authentication and robocall mitigation measures.

Until STIR/SHAKEN becomes fully active in our systems, AXIBIT LLC affirms and accepts full responsibility for all the traffic we pass through our network. We strictly monitor and filter call traffic to ensure compliance with regulatory requirements and to prevent unlawful robocall activity.

Client Traffic Monitoring & Control

AXIBIT LLC also implements a proactive monitoring system for all client traffic. Each client's traffic is carefully observed and reviewed to ensure that no unauthorized, fraudulent, or unlawful traffic is transmitted through our network. In case of any suspicious activity, AXIBIT LLC immediately investigates, takes corrective measures, and if necessary, suspends the offending traffic or client account.

This ensures that:

- No client can intentionally or unintentionally pass illegal robocall traffic.
- All traffic passing through our network is subject to strict verification.
- Preventive measures are taken in real time to protect both regulatory compliance and partner integrity.

Commitment to Compliance

- AXIBIT LLC is committed to implementing STIR/SHAKEN as soon as possible.
- In the interim, we will continue to apply strict monitoring and call verification procedures.
- We take full accountability for the integrity of the calls that transit through our network.
- Our compliance team remains vigilant to ensure that no illegal robocall activity is facilitated through our services.

Conclusion

AXIBIT LLC remains dedicated to building trust in the telecommunications ecosystem by ensuring transparency, accountability, and compliance with FCC regulations. We are confident that with the upcoming activation of STIR/SHAKEN, we will further strengthen our role in robocall mitigation and continue to serve our partners with reliable and secure communication solutions.
