Certification

*Voice Service Provider Certification (Choose one)

- ☐ Option 1: Complete STIR/SHAKEN Implementation. The filer certifies that all of the calls that it originates on its network are subject to a robocall mitigation program consistent with 47 CFR § 64.6305(a), which shall include reasonable steps to avoid originating illegal robocall traffic and shall include a commitment to respond fully and within 24 hours to all traceback requests from the Commission, law enforcement, and the industry traceback consortium, and to cooperate with such entities in investigating and stopping any illegal robocallers that use its service to originate calls. The filer also certifies that any prior certification has not been removed by Commission action and it has not been prohibited from filing in the Robocall Mitigation Database by the Commission, and that it has fully implemented the STIR/SHAKEN authentication framework across its entire network and all calls it originates are compliant with 47 CFR § 64.6301(a)(1) and (2).
- ☐ Option 2: Partial STIR/SHAKEN Implementation. The filer certifies that all of the calls that it originates on its network are subject to a robocall mitigation program consistent with 47 CFR § 64.6305(a), which shall include reasonable steps to avoid originating illegal robocall traffic and shall include a commitment to respond fully and within 24 hours to all traceback requests from the Commission, law enforcement, and the industry traceback consortium, and to cooperate with such entities in investigating and stopping any illegal robocallers that use its service to originate calls. The filer also certifies that any prior certification has not been removed by Commission action and it has not been prohibited from filing in the Robocall Mitigation Database by the Commission, and that it has implemented the STIR/SHAKEN authentication framework on a portion of its network and all calls it originates on that portion of its network are compliant with 47 CFR § 64.6301(a)(1) and (2).
- ☐ Option 3: No STIR/SHAKEN Implementation. The filer certifies that all of the calls that it originates on its network are subject to a robocall mitigation program consistent with 47 CFR § 64.6305(a), which shall include reasonable steps to avoid originating illegal robocall traffic and shall include a commitment to respond fully and within 24 hours to all traceback requests from the Commission, law enforcement, and the industry traceback consortium, and to cooperate with such entities in investigating and stopping any illegal robocallers that use its service to originate calls. The filer also certifies that any prior certification has not been removed by Commission action and it has not been prohibited from filing in the Robocall Mitigation Database by the Commission, and that it has not implemented the STIR/SHAKEN authentication framework on any portion of its network.

*State the rule that exempts the filer from compliance and explain in detail why that exemption applies to the filer (if you require more space, please provide this information in your robocall mitigation program description).

Since we are a fax only provider we are except.
