

Robocall Mitigation Program Description

Company Name: Alo World Inc.

FRN: 0032431736

Filing Type: Voice Service Provider

STIR/SHAKEN Status: Complete Implementation

Date: July 9, 2025

1. Description of Robocall Mitigation Program

Alo World Inc. has fully implemented the STIR/SHAKEN caller ID authentication framework across **100% of the calls we originate**, consistent with **47 CFR § 64.6301(a)(1) and (2)**.

Because all calls are authenticated, no additional robocall mitigation program beyond STIR/SHAKEN is required. Nevertheless, we maintain supplementary procedures to monitor and enforce compliance with our obligations:

- **Customer Vetting:** All customers are verified prior to activation through Know Your Customer (KYC) procedures.
 - **Terms of Service Enforcement:** Our agreements prohibit illegal robocall activity and caller ID spoofing. Violations result in immediate suspension or termination of service.
 - **Ongoing Monitoring:** We monitor call traffic patterns to detect and investigate any potential misuse of our services.
-

2. Traceback Cooperation Commitment

Alo World Inc. commits to:

- Responding fully and in good faith to traceback requests from the Commission, law enforcement, and the Industry Traceback Group (ITG) **within 24 hours**.
 - Cooperating with efforts to investigate and stop any illegal robocallers using our services.
-

3. Point of Contact for Tracebacks and Enforcement
