Phone: +552433233212

2. Robocall Mitigation Practices:

G Almeida Teleinformatica is a voice service provider that originates international traffic to the United States. We are committed to mitigating illegal robocalls in accordance with FCC regulations.

Our robocall mitigation program includes the following actions:

- We do not knowingly accept traffic from customers that transmit illegal robocalls.
- We verify the identity of our customers during onboarding.
- We monitor call traffic for patterns indicative of robocalls (e.g., high call volumes, short-duration calls).
- We respond promptly to traceback requests and cooperate fully with U.S. enforcement agencies.

3. Monitoring and Enforcement:

We monitor our network for suspicious calling behavior. If we detect or are notified of robocall activity, we take immediate action which may include warning the customer, suspending service, or terminating the account.

4. Compliance Statement:

We certify that we are implementing reasonable robocall mitigation practices to prevent the origination of illegal robocalls as required by the FCC. This program will be maintained and updated as necessary to remain compliant.
