

EVB TECHNOLOGY

ROBOCALL MITIGATION PLAN

EVB Technology is committed to cooperating with the Federal Communications Commission (FCC) in preventing and mitigating illegal robocalls. This report describes the status and specific measures that the company has implemented to prevent and mitigate robocalls.

Know Your Customer

We are committed to preventing illegal robocalls and have a robust system in place to ensure our services are not used for such activities. Our customer base primarily consists of professionals in the legal, accounting, manufacturing, and other day care fields, and we maintain direct, well-established relationships with each of them. This allows us to clearly understand how our phone services are being used. We actively monitor call patterns for any irregularities, such as unusually high call volumes or suspicious behavior, and promptly investigate anything that appears abnormal. Our close engagement with customers enables us to quickly identify and resolve issues related to unwanted or illegal calls. This proactive approach helps us maintain the integrity of our network and ensures our services remain secure and reliable.

Traceback Requests

The company commits to fully cooperate with FCC and the law enforcement within 24 hours to all traceback requests in the event of investigating and stopping illegal robocallers from using the company's services.

EVB Technology has underlying providers from which it receives voice traffic:

1. Name: CoreDial
Mailing Address: Blue Belle PA
Phone Number: 215 297 4400
Email: cbdbilling@skywitch.com

The underlying providers comply with the Commission's STIR/SHAKEN standards and robocall mitigation regulations in all aspects when delivering voice traffic. The company, in collaboration with its providers, works diligently to prevent illegal robocalls, ensuring strict adherence to regulatory requirements. Additionally, the company and its providers cooperate fully in response to traceback requests, assisting authorities in identifying and addressing sources of fraudulent calls.

The Company reserves the right to refuse traffic from any party at any time where robocalling or use of originating numbers that are not valid or they are not authorized to use has occurred or is suspected. The Company is able to block the originating number(s), terminating numbers(s), trunk(s) or customer, including termination of customer relationship to prevent robocalling, invalid originating number or spoofed origination number transiting the Company's networks.

Signed

A handwritten signature in black ink that reads "Eric Bonett". The script is fluid and cursive, with the first letter of each word being capitalized and prominent.
