

Robocall Mitigation Program Description – ICCI, LLC

Company Information

FRN: 0037362035

Registered Business Name: ICCI, LLC

Address: 1325 Rosewood Street, Ann Arbor, MI 48104

Principal: Aaron Salsitz, Sole Member

Affiliate: Fantasticci, LLC (Michigan LLC; sole member Aaron Salsitz)

ICCI, LLC has no additional affiliates, subsidiaries, or parent companies.

STIR/SHAKEN Exemption

ICCI, LLC qualifies as exempt under the FCC's Eighth Report and Order (FCC 24-120). We do not have control over the network infrastructure required to implement STIR/SHAKEN. All PSTN interconnection and call authentication are performed by our underlying carrier, Telnix, Inc.

Operating from the heartland of America, led by its founder and sole member — a U.S. Navy veteran — ICCI, LLC embodies dependable, values-driven service. We deliver hosted PBX software and managed support responsibly, while regulatory obligations reside with the designated carrier of record.

Robocall Mitigation Practices

- ICCI, LLC supports faith-based and educational organizations, including schools and churches, providing them with reliable, secure PBX services tailored for their unique needs.
- We enforce clear acceptable use policies; anonymous or bulk robocalling is strictly prohibited. All customers are verified and operate under service agreements.
- We are committed to ensuring public safety. ICCI, LLC supports and adheres to E911 rules, including dispatchable-location requirements for interconnected VoIP services. As mandated by the FCC and RAY BAUM's Act, we ensure that, when technically feasible, callers' civic addresses (and in large buildings, floor levels) are captured and delivered with emergency calls, consistent with 47 CFR § 9.11.
- We monitor calling patterns and investigate anomalies promptly. Cooperation between ICCI, our carrier partner, and our clients helps create network conditions where lawful usage thrives and misuse is naturally excluded.

Prior Investigations

ICCI, LLC has not been the subject of any prior FCC or law enforcement investigations or enforcement actions relating to robocalling, spoofing, or related practices.

Ongoing Compliance

ICCI, LLC will update its CORES and Robocall Mitigation Database filings within 10 business days of any change to company information, contacts, or certification status. In addition, ICCI, LLC commits to completing its required annual recertification by March 1 of each year, consistent with FCC requirements.

Certification

ICCI, LLC certifies that it has “No STIR/SHAKEN Implementation” due to lack of control over the necessary network infrastructure. This filing is accurate to the best of our knowledge as of the date submitted. ICCI, LLC remains committed to preserving trust, protecting the integrity of the U.S. communications system, and helping ensure safe, effective connectivity — especially for those serving communities and faiths.
