

Robocall Mitigation Program – Public Redacted Version

RE2 Technology Consultants Inc. (DBA RE2VoIP) qualifies for the de minimis exemption under 47 CFR § 64.6304 and § 64.6305. The company is not required to implement STIR/SHAKEN at this time but has filed this Robocall Mitigation Program.

RE2VoIP provides service only to verified business customers. All customers undergo a verification process to ensure they are legitimate businesses.

The company monitors outbound call traffic for unusual patterns that may indicate unlawful robocalling or spoofing and will investigate and take action to prevent abuse.

RE2VoIP fully cooperates with the Industry Traceback Group (ITG), the FCC, and law enforcement, and will respond to traceback requests within 24 hours.
