

Robocall Mitigation Program Description

Company Name: LimaTech Solutions LLC

Filer ID (FRN): 0036835833

Contact Phone: 7705890599

Contact Email: asmir@limatech.us

Network & STIR/SHAKEN Compliance

LimaTech Solutions LLC provides VoIP services through a white-label partnership with SkySwitch, which has fully implemented the STIR/SHAKEN authentication framework across its network in compliance with 47 CFR § 64.6301. All calls originated on our platform are authenticated and signed by SkySwitch's network, ensuring full STIR/SHAKEN compliance.

Robocall Mitigation Practices

While the technical STIR/SHAKEN implementation is handled by SkySwitch, LimaTech Solutions LLC maintains its own robocall mitigation program focused on customer oversight and compliance. Our practices include:

1. **Customer Vetting:** All customers must provide valid business/personal information and undergo verification before activation.
2. **Traffic Monitoring:** We monitor traffic patterns for high-volume or suspicious activity indicating possible robocall behavior.
3. **Enforcement & Termination:** Accounts engaged in unlawful activity are suspended and, if confirmed, terminated.
4. **Traceback Cooperation:** LimaTech Solutions LLC responds fully within 24 hours to any traceback request from the FCC, law enforcement, or the Industry Traceback Group (ITG).
5. **Ongoing Compliance:** Policies are updated continuously to align with FCC regulations and industry best practices.

Certification

LimaTech Solutions LLC certifies that it has not been prohibited from filing in the Robocall Mitigation Database, and it operates exclusively through a fully STIR/SHAKEN-compliant network provided by SkySwitch, while maintaining robust customer oversight and mitigation measures to prevent unlawful robocall activity.
