

ROBOCALL MITIGATION PLAN

March 2, 2026

Pursuant to 47 C.F.R. § 64.6305 Fusioncom LLC submits this report on its implementation of the STIR/SHAKEN call authentication framework and its plan to prevent and mitigate illegal robocalls. This report describes the status of its implementation of STIR/SHAKEN and the practices and procedures Fusioncom LLC (hereinafter also referred to as “company name abbreviation” or “the company”) has in place to mitigate illegal robocalls. The company may modify, add, delete or otherwise alter any of the policies and procedures described in the plan at any time to respond to changes in its business, its capabilities and its needs.

Fusioncom LLC is NOT is an Affiliate or subsidiary, of any parent company. The company has NOT ever been sold or acquired by another company. The role the company plays in the network is Voice Service Provider to End Users. Fusioncom LLC is fully STIR/SHAKEN registered. We have registered with the STI-PA using OCN 043M. We have our own STIR/SHAKEN certificate issued by the Peeringhub Certification Authority (STI-CA) that we use when authenticating calls we originate. The Officers of the company are: John J Carr, CEO.

Fusioncom LLC is judiciously working to prevent unlawful robocalls from originating on its network while in the process of installing the new STIR/SHAKEN authentication architecture. In the meantime, Fusioncom LLC has implemented the following robocall mitigation plan to address unlawful robocall traffic: The Officers of the company are: John J Car, CEO.

Fusioncom LLC is judiciously working to prevent unlawful robocalls from originating on its network and has implemented the following robocall mitigation plan to address unlawful robocall traffic. The company has implemented the following robocall mitigation plan to address unlawful robocall traffic:

Fusioncom LLC has enforceable terms of use and/or an acceptable use policy noted in its contracts. These policies define the circumstances by which the company will deny, suspend, or terminate service to a customer. The company has a vetting and review process for upstream providers, that is, providers that send the company voice traffic that it terminates or transits to other providers.

Fusioncom LLC confirms that the upstream providers have a certification in the Robocall Mitigation Database. The company will not accept voice traffic from an unregistered provider. The Company has been informed of the upstream providers “Know-Your-Customer” guidelines and have provided them with the necessary KYC documentation they’ve requested that the company completes.

Trust Anchor Working Group.

This process includes the collection and review of entity-identifying information to confirm that the company has an authenticated relationship with the customer. The Company uses this authenticated information to determine whether the customer is subject to any enforcement actions that restrict the type of calling that they may do, for example, if they have been banned from initiating telemarketing calls.

Fusioncom LLC also validates, when possible, that the entity has a legitimate right to use its asserted calling numbers. The Company uses this information to support the attestation level it assigns to calls that it originates for that customer.

Fusioncom LLC contractual provisions with customers prohibit them from initiating illegal robocalls. If the Company discovers a customer is initiating suspicious robocalls, it warns them to stop. If such traffic continues, then the Company terminates their service.

Fusioncom LLC requires that upstream providers have a reasonable Robocall Mitigation Plan, including a vetting process for their customers as well as their upstream providers, and that they use call analytics to identify suspicious traffic.

Prior to installing services for new customers, the company takes the following measures to weed out end users that could potentially generate robocall traffic:

The Company uses a KYCs to confirm the following information for its customers:

- Customer's identity
- Customer's right to use the telephone number presented on calls
 - Service Address
 - Credit History
- Authentic and Legal Campaigns

Fusioncom LLC also requires Business Incorporation Documents and verifies they have a reputation as a valid business that abides by the law.

Fusioncom LLC uses call analytics software provided by their upstream provider VOIP routes to monitor all outbound voice traffic in real-time to prevent the origination or transit of illegal robocalls.

The software provides detailed reporting to identify suspected illegal robocalls. The system alerts the company if it processes outbound calls where the calling number has a poor reputation or is invalid, unallocated, or on a Do Not Originate list. The Company will immediately investigate any identified suspicious calls to determine if the caller or upstream provider was attempting to originate or transit unlawful robocalls. If the Company determines that the traffic was likely unlawful, then the company will warn them to stop sending such traffic. If they continue to send traffic that appears to be unlawful, then the company will terminate their service.

Fusioncom LLC will comply fully with all conditions set forth in the FCC'S 2025 Report and Order mandating the implementation of the STIR/SHAKEN framework, as well as with the Commission's rules and policies more generally.

Fusioncom LLC has designated an individual as a dedicated point of contact for addressing traceback requests. **RMD Contact is John J Car, support@fusioncomllc.com.** It has either provided the ITG with the contact information and business hours for those individuals, or will do so upon receipt of the first request from the ITG. See <https://www.ustelecom.org/the-industry-traceback-group-itg/for-providers/>. The Company will respond promptly to inquiries from the Industry Traceback Group (ITG) within 24 hours.

If a pattern of questionable activity is detected Fusioncom LLC will require its customer to remedy the problem and, if effective action is not taken, service to the customer may be suspended and/or terminated.

**REQUESTS FROM THE ITG MUST BE SUBMITTED IN WRITING AND INCLUDE
THE FOLLOWING INFORMATION:**

- Company Name:
- Company Address:
- Phone Number in Question:
- Requestor's Name:
- Requestor's Title:
- Requestor's phone number:
- Requestor's e-mail:

Fusioncom LLC will provide valid law enforcement and regulatory agencies with the relevant non-proprietary information in response to reasonable and legitimate requests about illegal robocalls and suspicious activities, and implement mandated Robocall Mitigation procedures to the fullest extent possible with the goal of maximizing the mitigation of illegal robocalls. The company will respond within 24 hours to all traceback requests from the Commission, law enforcement, and the registered traceback consortium. The company will cooperate fully with such entities in investigating and stopping any illegal robocallers that use the Company's service to originate, carry, or process illegal robocalls.

**Requests from the valid agency must be
submitted in writing and include the following
information:**

- Law Enforcement Agency Name:
- Agency Address:
- Requestor's Name:
- Requestor's Title:
- Requestor's phone number:
- Requestor's e-mail:

Fusioncom LLC performs the same mitigation steps for all outbound calls regardless of our role in the call chain for a particular call. The Company has not had any agency action or investigation due to

suspected unlawful robocalling or investigations.

Fusioncom LLC is NOT subject to any Commission, Law Enforcement, or Regulatory Agency Action or investigation due to suspected unlawful robocalling or spoofing. Fusioncom LLC has never had any tracebacks.

FUSIONCOM LLC DOES NOT WISH TO PUBLICIZE ANY PRIVATE AND/OR CLASSIFIED INFORMATION THAT HAS THE POTENTIAL TO EXPOSE THE COMPANY TO FRAUD AND/OR ANTI-COMPETITIVE ACTIONS. THEREFORE, THE COMPANY WILL SUBMIT A REDACTED VERSION FOR THE PUBLIC SITE AND REQUESTS THAT THE FCC KEEP THE UNREDACTED VERSION CONFIDENTIAL.
