

ROBOCALL MITIGATION PROGRAM DESCRIPTION
Pursuant to 47 CFR § 64.6305

Filing Entity: US AGI TELECOM LLC
FCC Registration Number (FRN): 0036833242
State of Incorporation: Delaware
Principal Business Address: 16192 Coastal Highway, Lewes, Delaware, 19958
Date: 12/04/2025

1. COMPANY OVERVIEW

US AGI TELECOM LLC is a U.S.-registered telecommunications company incorporated under the laws of the State of Delaware, with its principal place of business located at the address above. The company operates exclusively in the wholesale telecommunications market and does not provide retail telecommunications services to U.S. consumers.

The company does not maintain any end-user customers located within the United States and does not bill any U.S.-based retail customers for voice services.

2. ROLE IN THE U.S. CALL PATH

The company does not originate voice traffic directly to U.S. end users. All voice traffic that transits through or terminates within the United States is routed exclusively through one or more U.S.-based carriers that are fully registered with the FCC and listed in the Robocall Mitigation Database.

These U.S.-based carriers are solely responsible for:

- STIR/SHAKEN call authentication;
 - Robocall detection and mitigation;
 - All FCC compliance obligations applicable to the U.S. network segment.
-

3. STIR/SHAKEN IMPLEMENTATION STATUS

As the company does not originate calls to U.S. consumers and does not provide retail voice services within the United States, it qualifies for exemption from direct STIR/SHAKEN implementation under 47 CFR § 64.6305, as applicable. All authentication is performed by the downstream U.S.-based carriers.

4. ROBOCALL PREVENTION AND TRAFFIC CONTROLS

The company maintains and enforces internal compliance policies designed to prevent illegal robocall traffic, including:

- Contractual obligations imposed on all upstream customers prohibiting illegal robocalls, spoofing, fraud, and abusive calling practices;
 - Ongoing monitoring of traffic volumes and calling patterns;
 - Immediate traffic suspension measures in cases of suspected illegal or abusive activity;
 - Coordination with downstream U.S. carriers to support mitigation and enforcement actions.
-

5. CUSTOMER SCREENING AND COMPLIANCE

All customers of US AGI TELECOM LLC are subject to:

- Know Your Customer (KYC) and due diligence procedures;
 - Contractual prohibitions against unlawful robocalling;
 - Immediate service termination for violations of applicable laws or carrier policies.
-

6. TRACEBACK COOPERATION

US AGI TELECOM LLC commits to full cooperation with USTelecom, the Industry Traceback Group (ITG), and all downstream U.S. carriers in any traceback investigations related to traffic transiting through its network.

7. CERTIFICATION

The undersigned certifies that the information contained in this Robocall Mitigation Program Description is true, accurate, and complete, and that the company complies with the requirements of 47 CFR § 64.6305 to the extent applicable.
