

Robocall Mitigation Program Description

Filer: OneBOSS.io Inc.

Upstream Carrier: Commio

STIR/SHAKEN Status: Partial Implementation

1. Overview

OneBOSS.io Inc. is a Voice Service Provider that offers voice and VoIP services to end users. The filer has implemented a robocall mitigation program consistent with 47 CFR § 64.6305 to prevent the origination and transmission of illegal robocalls on its network. The filer has implemented partial STIR/SHAKEN authentication and relies on its upstream carrier, Commio, to perform STIR/SHAKEN authentication for calls originated on portions of the filer's network where direct signing by the filer is not technically feasible.

2. STIR/SHAKEN Implementation

The filer has implemented partial STIR/SHAKEN authentication in accordance with 47 CFR §§ 64.6301 and 64.6305. For calls originated by the filer, STIR/SHAKEN authentication is applied where supported, including through the filer's upstream carrier, Commio. All calls that are authenticated are compliant with the applicable STIR/SHAKEN standards.

3. Reasonable Steps to Prevent Illegal Robocalls

The filer takes reasonable and effective steps to mitigate illegal robocalls, including but not limited to: Screening and vetting customers prior to service activation Prohibiting illegal robocalling and spoofing in customer terms of service Monitoring traffic patterns for anomalous or suspicious calling behavior Investigating and responding to complaints or reports of illegal robocalling Suspending or terminating service to customers found to be engaging in illegal robocalling activity

4. Traceback Cooperation

The filer commits to responding fully and within 24 hours to traceback requests from the Federal Communications Commission, law enforcement agencies, and the industry traceback consortium. The filer cooperates in good faith with such entities to investigate, identify, and stop illegal robocall activity originating from or transiting its network.

5. Ongoing Compliance

The filer regularly reviews and updates its robocall mitigation practices to ensure continued compliance with FCC rules and industry best practices. The filer remains committed to preventing the origination and transmission of illegal robocalls and to protecting consumers and the integrity of the telecommunications network.
