

ROBOCALL MITIGATION PLAN

Company Name: LogicFortress **FCC Registration Number (FRN):** 0037954245

Date: January 30, 2026

I. Purpose and Scope LogicFortress ("the Company") provides voice services as a reseller and is committed to preventing illegal robocalls. This plan complies with 47 C.F.R. § 64.6305.

II. Know Your Customer (KYC) The Company takes affirmative steps to verify customer identity. This includes:

- Verifying legal business names, physical addresses, and Tax IDs.
- Evaluating intended use of voice services to ensure legitimacy.
- Regular account reviews to monitor for suspicious changes in status.

III. Contractual Obligations Service agreements explicitly prohibit using Company services for illegal robocalling, spoofing, or fraud. LogicFortress reserves the right to terminate service immediately for suspected illegal traffic.

IV. Monitoring and Analytics The Company monitors its network for traffic anomalies indicative of robocalling, including:

- High traffic volumes or rapid bursts of calls.
- Short-duration calls with low completion rates.
- Unexpected spikes that deviate from a customer's typical profile.

V. Upstream Cooperation The Company utilizes CoreDial for its underlying facilities and technical call signaling. LogicFortress

coordinates with CoreDial and law enforcement to investigate and stop illegal traffic.

VI. 24-Hour Traceback Commitment LogicFortress commits to responding to all traceback requests from the FCC, law enforcement, or the Industry Traceback Group within **24 hours**.

VII. Certification I certify that the information in this plan is true and correct.
