

Robocall Mitigation Program Description
Letsscall, LLC
FRN: 0037957909

Letsscall, LLC is an interconnected VoIP provider that originates voice traffic on behalf of business customers. The company implements a robocall mitigation program consistent with 47 CFR § 64.6305.

Letsscall, LLC relies on upstream voice service providers for STIR/SHAKEN authentication where technically feasible and ensures that authenticated calls are properly signed when supported by interconnecting networks.

The company maintains a strict customer onboarding and KYC process, monitors traffic for suspicious patterns, prohibits illegal robocalling and caller ID spoofing, and immediately suspends or terminates customers found engaging in unlawful activity.

Letsscall, LLC commits to responding fully and within 24 hours to traceback requests from the FCC, law enforcement, and industry traceback consortiums, and cooperates in investigations involving illegal robocalling.

The company complies with all applicable FCC regulations, TCPA requirements, and federal and state telemarketing laws.
