Robocall Mitigation Commitment

Orozc corp is committed to preventing the origination of illegal robocalls on its network. As a non-US based voice service provider, Orozc corp implements the following robocall mitigation measures:

1. Know Your Customer (KYC)

Orozc corp verifies the identity of all customers before allowing access to its network, ensuring that only legitimate users originate calls.

2. Traffic Monitoring

Orozc corp monitors call traffic patterns to detect and block anomalous or suspicious calling behavior.

3. Caller ID Authentication

Orozc corp ensures that all calls transmitted include a valid and accurate Caller ID in E164 format, with a P-Asserted-Identity header, in compliance with STIR/SHAKEN standards.

4. Customer Agreements

All customers are contractually prohibited from using Orozc corp's network to originate illegal robocalls, spoofed calls, or any form of fraudulent traffic.

5. Cooperation with Authorities

Orozc corp will cooperate fully with US authorities and upstream providers to investigate and stop any illegal call traffic originating from its network.

Certification

I, Carlos Orozco, Owner and Principal of Orozc corp, certify that the information provided in this Robocall Mitigation Program Description is true and accurate to the best of my knowledge.
