Contact Phone: 678-677-8898

Company Overview: We are a Voice Service Provider offering hosted VoIP services to business customers.

We operate as a reseller utilizing SkySwitch (a BCM One company) and its underlying carrier partners to provide telecommunications services. STIR/SHAKEN

Implementation: We have fully implemented

STIR/SHAKEN across our IP-based voice services through our upstream provider, SkySwitch (a BCM One company), and its underlying carrier partners. All outbound calls are authenticated in accordance with

FCC requirements. Robocall Mitigation Practices: We do not originate unlawful robocalls and require all customers to comply with our acceptable use policy, which prohibits illegal or abusive calling practices. We actively monitor customer activity and enforce

compliance. Enforcement Actions: If any customer is found to be in violation of our policies or engaged in illegal robocalling, we take immediate corrective action, including suspension or termination of services.

Traceback Cooperation: We cooperate fully with traceback requests and industry efforts to identify and mitigate illegal robocall traffic. Conclusion: We are

committed to maintaining compliance with FCC regulations and preventing the origination and transmission of illegal robocalls on our network.
