Robocall Mitigation Program Description

Company: Love Mobile Incorporated

FCC Registration Number: 0037923968

Filing Date: May 16, 2026

1. Company Overview

Love Mobile Incorporated is a prepaid wireless Mobile Virtual Network Operator (MVNO) reseller providing voice, messaging, and data services to end users in the United States. Love Mobile Incorporated does not own or operate telecommunications network infrastructure. All voice services are provided through underlying carrier agreements with licensed U.S. telecommunications carriers.

2. STIR/SHAKEN Status

Love Mobile Incorporated is a Voice Service Provider without a STIR/SHAKEN implementation obligation. As an MVNO reseller, Love Mobile Incorporated does not control the origination of calls at the network infrastructure level. STIR/SHAKEN implementation is handled by the underlying carriers whose networks Love Mobile Incorporated utilizes to provide service to its subscribers.

3. Robocall Mitigation Program

Love Mobile Incorporated has implemented a robocall mitigation program consistent with 47 CFR Section 64.6305(a). This program includes the following measures:

- a. Reasonable Steps to Prevent Illegal Robocalls: Love Mobile Incorporated takes reasonable steps to avoid originating illegal robocall traffic on its network. Love Mobile Incorporated monitors subscriber usage patterns for signs of illegal robocall activity and takes appropriate action when such activity is identified.
- b. Traceback Cooperation: Love Mobile Incorporated commits to respond fully and within 24 hours to all traceback requests from the FCC, law enforcement, and the industry traceback consortium (USTelecom). Love Mobile Incorporated will cooperate with such entities in investigating and stopping any illegal robocallers that use its service to originate calls.
- c. Subscriber Agreements: Love Mobile Incorporated prohibits the use of its services for illegal robocalling activity in its subscriber terms of service. Violations may result in service termination.
- d. Upstream Carrier Reliance: Love Mobile Incorporated relies on its underlying carriers to implement network-level call authentication and robocall mitigation measures consistent with FCC requirements, including STIR/SHAKEN where applicable.

4. Contact Information

Robocall Mitigation Contact:

Wade Dunn Jr.
