Robocall Mitigation Program Description

Company: 72Capital Limited

FCC FRN: 0038647533

Date: July 10, 2026

1. Company Overview

72Capital Limited is a foreign voice service provider using authorized business voice communication services for legitimate outbound voice traffic.

The company maintains procedures designed to prevent illegal robocalls, unauthorized caller ID spoofing, and misuse of its voice services.

2. Robocall Mitigation Measures

72Capital Limited takes reasonable steps to prevent illegal robocall activity. Access to calling systems is restricted to authorized users only, and outbound calling activity is monitored for suspicious or abusive patterns.

The company verifies caller identity information used for outbound calls and investigates any suspected misuse of its services. Appropriate corrective actions are taken when unauthorized or abusive activity is identified.

3. Traceback Cooperation

72Capital Limited cooperates with traceback requests from the Federal Communications Commission, law enforcement agencies, and authorized industry traceback entities.

The company maintains procedures to assist with investigations and to prevent illegal robocall traffic from being originated through its services.
