Robocall Mitigation Plan

T1 Mobile, LLC, (dba Trump Mobile) has not been prohibited from filing a certification in the Robocall Mitigation Database nor do any of our executives or principals have a history of enforcement actions for illegal robocalls, TCPA or TSR violations or related state law violations.

Know Your Customer

We follow the best practices for vetting caller identity described by the NANC Call Authentication Trust Anchor Working Group. (<https://docs.fcc.gov/public/attachments/DOC-367133A1.pdf>)

Traceback

We respond to all traceback requests from the Commission, law enforcement, and the registered traceback consortium within 24 hours and cooperate with such entities in investigating and stopping any illegal robocallers that use our service to originate calls.

STIR/SHAKEN Extensions

T1 Mobile, LLC, (dba Trump Mobile) is a reseller of wireless voice services provided by Liberty Mobile, Inc. (RMD0027043) and operates as a MVNO, hosted on platforms by Verizon Wireless and T-Mobile and do not have the capability to implement STIR/SHAKEN. Verizon Wireless(RMD0003439) and T-Mobile(RMD0004209) have implemented STIR/SHAKEN protocols in their networks and performs all detection and mitigation on our behalf.

Robocall Mitigation Program

We rely on software provided by Verizon Wireless and T-Mobile to monitor our outbound voice traffic in real time to prevent the origination of illegal robocalls.

Combining behavioral analytics, caller authentication and verification, our solution features:

- **Fraud Detection:** Detection of high volume robocalling, spoofing and spam call activity.
- **Subscriber Notification:** Caller ID Name override to warn subscribers of suspicious calls.
- **Call Blocking Support:** Accurate identification enabling you to block fraudulent phone calls as per the TRACED Act (2019)
- **Business Number Verification:** Register legitimate business numbers to prevent unintentional call blocking.
- **Caller ID Name Service:** Easy integration of Caller ID name lookup service, including robocall mitigation with override to include original caller ID even when call is determined fraudulent.
- **Do Not Call Registry:** We comply with the FTC's rules for the Do Not Call Registry as it pertains to voice and text messaging.
- **Do Not Originate:** Our hosted provider complies with the FCC's rules for Do Not Originate.

In addition, we have implemented a Call Abuse Policy, as it pertains to the TRACED Act, and have published the following policy to our web site, terms of use, and have notified our customers of the policy as copied below:

“Any call originated on the T1 Mobile, LLC network is subject to inspection and investigation if the call is suspected of being fraudulent, abusive, or illegal. Calls meeting any of these criteria will be blocked. If these conditions are repeated, becoming excessive, the subscriber may be disconnected from T1 Mobile, LLC’s network, may be subject to further investigation by the FCC for enforcement of the TRACED Act and the subscriber may be subject to fines and penalties imposed by the FCC or the jurisdictional court.”
